

Italian in Venice

Venice: beauty everywhere. In the buildings, the bridges and the inhabitants. And of course in the language.

No matter if you take language classes or a workshop of one or two days: you won't feel like a tourist anymore but like a friend.

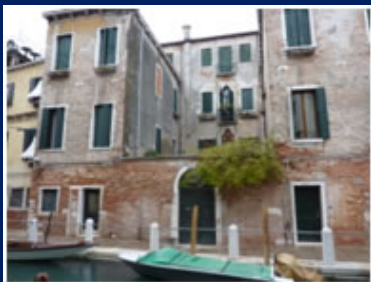

The Venice Italian School is unique. You won't learn just Italian but you'll get familiar with the culture of Venice and Italy. Because of the small groups, the teachers have time to take you with them to their family and friends. To show you the spots where tourists don't come. To take you with them in a *trattoria* where the locals eat. Like this, you will learn quickly.

You can chose the Monday-Friday program or just one or two days. The latter will enable you to do basic things in Italian: shopping, ordering in a restaurant, asking the road or other information. But you will practice it immediately and will get to know Venice very well.

The school can arrange accommodation for you.
